

## Servicing the **Public Sector**

### Serving the needs of the **Public Sector!**

Throughout our many successful years in business, Mondelis Actuarial has worked with hundreds of municipalities, hospitals, not-for-profits, and other government organizations.

Our extensive experience makes us experts in the many diverse areas of actuarial work and sets us apart within our industry.

We pride ourselves on providing easy to understand solutions and consistently delivering what we promise. Mondelis provides more personalized knowledge and expertise that you may not get from large consulting houses – at a fraction of the cost!

### A small firm with **big talent!**

---

Mondelis has been servicing the public sector since 1989. We are proud to have many municipalities, hospitals, government agencies, and not-for-profits as clients. Being a boutique firm allows us to provide you with the top tier service that you require and deserve!

From plan valuations and accounting disclosure reports to support for estimating the impact of possible changes to plan provisions, Mondelis works hard to ensure all of the unique needs of our public sector clients are met in an efficient and cost effective manner.

**Experience makes the difference**

**Post-Employment  
Benefit Valuations**

**Mondelis Quality**  
Done right the first time at a  
price that works for you

**Changes to  
Post-Employment Plans**

## Our expertise & credibility set us apart!

All clients appreciate the one-on-one service of our experienced Actuaries. We pride ourselves on providing easy to understand solutions, and personalized service at a price that beats the large consulting houses. Our actuaries have experience with a wide variety of post-employment benefits which includes health and dental plans, life insurance, sick leave, disability, Workers' Compensation benefits and both registered and non-registered pension plans.

Clients big and small appreciate the one-on-one service of our experienced Actuaries. We provide actuarial consulting for post-employment:

- Accounting valuations
- Costing plan design changes
- Financial impact of union negotiated benefit plan changes
- Reserving strategies
- Harmonization of benefits for union groups

Covering post-retirement health, dental, life insurance, sick leave, disability, WSIB, separation allowances, special pension arrangements
